Please remember to bring in your best finds of the month for our next meeting, points are awarded and a running total is kept for our end of year awards!

Topics Discussed At Aprils Meeting

- 1) Beach Hunt Test Bed results
- 2) Relic, Coin, Bottle, & Metal Detecting show June 4,5,6 @ Fancy Flea Antiques in Shallotte
- 3) Create ENCMDA club flyer for promotion
- 4) Nominate Harry Evans as club secretary
- 5) Vote on club motto, winning submission: "The Future Lies In Preserving The Past"
- 6) Ken's Detectors is now authorized dealer for Tesoro & Whites metal detector lines

Beach Hunt Test Bed

How well do you know your machine?

The Beach Hunt went very well. Ken went to the beach early and planted 21 items ranging from a pull tab to CW buckle, shotgun shell to a NC Starburst button and a aluminum can to a \$2 ½ gold coin! The contest was judged by: What Is It & Would You Dig IT. It was a great learning experience and when the results were tallied most of the good stuff was passed by and left for the next digger to discover. We all missed the \$2 ½ GOLD coin, it just goes to show we were very humbled after the results were revealed! I know I learned one thing....if in doubt "DIG IT".

Ken's Detectors Web Site Update!

If you get a chance please check out Ken's newly improved web site at www.kensdetectors.com , he has upgraded his site to include all products he sells and a page for the ENCMDA, and it has a downloadable Adobe PDF of our new club flyer. In the months to come we are looking at creating a Facebook page for the club where all members can interact and exchange information and ideas.

Club Dues Needed

The club needs your support to continue bring exciting events in the future and our end of year dinner and awards ceremony. If you have not paid your 2010 dues of \$12.00, please do so by attending a club meeting or contacting Ken or Jerry directly. We appreciate your support and are working diligently to expand the clubs horizons in the future.

Next Club Meeting: May 27th @ 7:00 PM
